Apart from the various core subject teachers, we have dynamic teachers for physical education, yoga, music, dance, Karate, Vedic Maths.

The Academic Year 2022-23 commenced in the month of June with welcome day. From the moment the child enters the school gates as a 3½ year old, he gets to realise who he is and where his potential lies. Irrespective of his background or Caliber, he is groomed and nurtured in a way that he can stride into adult world confidently, responsibly and independently.

The newly elected students took an oath and pledged to bestow their duties to the best of their abilities. The school cabinet was led by School Captain Kum. Manasa and School Vice-Captain Kum. Sneha.

The school is divided into four houses namely Dhruva Risers, Dhruva Achievers, Dhruva Challengers and Dhruva Motivators.

We provide curriculum that is dynamic, balanced, rigorous and relevant towards supporting children to be confident and well rounded. It is incessantly reviewed and revised to enhance student learning. We are committed to create ample opportunities for children to explore, learn and grow, thus providing exposure to the immediate world and beyond. We recognize and identify the strengths of children; foster them to follow their heart, motivate them to take up new challenges, believe in competing with themselves and improve, and help them realize the need to grow responsibly.

Making kids recite poems from an early age can also improve their reading skills so we are giving more importance for poem recitation, storytelling, Speak – O – Kit more commonly known as a set of talking books & talking pen is a learning tool which was introduced for the very first time by Bachpan.

We have Audio – Visual room wherein the teachers portrays the academic content on screen which will awaken all their senses to domain of new learning experience.

Our curriculum for Pre-Primay includes learning through Montessori Toys, to develop the fine motor skills in a child.

School News Letter

Monthly mirror - a school newsletter has been released quarterly and the same is uploaded in the school website and also in our social media accounts. It gives me immense pleasure that the huge audience is witnessing the launch of our school magazine "Black Board Chronicle".

As you scan through the pages, it will enlighten with the important milestones that our school has achieved this year. Besides our budding talents, teachers have also expressed their thoughts, feelings, aspirations in a creative way.

New initiative

It is my proud privilege to share with you that our school is equipped with the state of technology.

Our 4 classrooms and other 2 AV rooms are fully digitalized now with panel boards having multimedia content. To upgrade the safety of each and every one, we have installed cameras in each classroom and various corners. I can observe the live classes and give the necessary guidelines to teachers and students.

I recently saw a quote that said "from tiny seeds, grow mighty trees." When I read it, it struck me as one of the most profound things I have ever reflected on. We plant tiny seeds in children each day. We plant seeds that we trust will help our children grow into strong adults. In order for them to grow into strong adults they will need deep roots... roots that are sunk in the soil of self-confidence and strong values and beliefs. Each day we must water them with hope, kindness, and love. We must feed the plants with the nutrients of knowledge, character, and dedication. We must care for them so they can bloom with creativity, curiosity, intelligence, and leadership.

Special thanks to all the parents for their constructive criticism and valuable feedback has always been helpful in so many different ways.

Last but not the least, the staff & students of the school deserve a special mention for their consistent diligence, sincerity & devotion with which they continue to put effort in achieving excellence in all aspect of learning at school.

On behalf of teachers and other staff, I now take this opportunity to commit ourselves to do our best at all times to honorably serve the institution and every stake holder.

Let me conclude this report by the words of our former President Dr. A P J Abdul Kalam.

"Learning gives you creativity, 'creativity leads to thinking' Thinking provides knowledge, Knowledge makes you great.

Thank You
